IMPORTANT ANNOUNCEMENT

Harukaze no Étranger is on a break.

Between 13 and 14 there was a 1-chap break (1 chap = 2 extra months between chaps). Now, between 14 and 15, there's been 2 breaks, so at minimum it'll be 6 months between chapters. There's NO INFORMATION on when it will resume, but we'll be sure to post on the blog/discord as we get to know more. In the meantime we'll be working on her other series, "Sweet Side".

WE ALSO MADE A DISCORD!

An easy & the fastest way to get chapter update notifications, as well as news. You can also participate in future polls and chat with others who also read the chapter. It is possible to mute everything so you just get notifications. This server is together with our sistergroup, Entwined Trees Scans. You can find it on our blog, or just use this URL:
